

Chromed Deluxe Chlora+ Filter System w/ Replaceable Cartridge

H2OCL+RCT-CP

Overview

The **H2OCL+RCT-CP** is a chrome countertop filtration system featuring a proprietary, replaceable cartridge—distinct from standard 10" formats—to enhance customer retention. It combines **KDF® 85** with premium **catalytic coconut-shell granular activated carbon** to reduce **chloramines**, chlorine, VOCs, and other common water contaminants. The system installs easily on most kitchen faucets and includes a diverter valve for on-demand filtered water.

Features and Benefits

- Replaceable Cartridge System with 4,000 gallon capacity
- KDF®/GAC Filter Media
- Proprietary size filter cartridge
- Installs in minutes without tools
- Includes kitchen faucet diverter and adapters that fit most standard faucets
- Long-reach swivel spout
- Bacteriostatic media prevents bacteria growth (algae, fungi)
- Improves taste and color, eliminates odors
- Reduces most EPA listed contaminants
- Includes prorated warranty
